Why Shoes?

Editor's Notes

Dear Girls,

While it is a daunting task to sum up the entire year within the binding of a 400 page book, your faithful editors have risen to the occassion to bring you something special, something personal. What would the world be like without our treasured possessions, shoes? Some may prefer the rugged lifestyle of voyaging the world free from rubber soles or stiletto heels simply to connect on a "natural" level with the ground we walk on. However, others (likely the majority) would prefer the luxury of shoes. Just think, the tennis shoe, that plain rubber sneaker modernly adorned with flashy reflective gear, neon colors, or even the allusion of bouncy springs, escorts us through the thick and the thin. Whether we are running a race or mindlessly wandering from class to class, tennis shoes can trace our steps through every walk of life. Consider the more sophisticated stilleto or high heel. Without a doubt, it is the iconic symbol of feminine power. While they stake a heavy claim on discomfort, that extra boost in the heel has prompted many struggling business women to reach the next level. Not to mention, the shoe as a piece of equipment. Having the right shoe can define a style of dance or help distinquish between different sports. What would ballet be without point slippers? What would tap be without tap shoes? What would basketball be without Air Jordans? Point being, shoes are an integral part of our daily lives.

Like we mentioned earlier, it is tough to sufficiently capture a vibrant year at Harpeth Hall in one book. But, we are going to take you through every walk of life. We hope you get a feel for what life is like when you step into everybody's shoes. And we bet you will quickly realize that HH girls have pretty big shoes to fill. So, as you flip through the pages and reminisce about your 2004-2005 school year, look at the pictures and laugh with the captions. But also, think about how shoes characterize each action from strutting in strappy heels and prom dresses to shuffling through the halls in birkenstocks and jeans on duds day. We hope you have as much fun reliving past moments as we have had making them eternal.

Love,
Whitney Haley and Augusta Cole

the PERFECT PAIR

Which shoe are you?

1. Your dream date would be...
   a. a long walk on the beach.
   b. a dinner date at the hottest new restaurant in NYC.
   c. a scenic walk through a park.
2. When shopping you...
   a. set out of for a leisurely day hitting as many malls as needed.
   b. treat it as a social event and always sport cutest new outfit.
   c. power shop accomplishing it all in an hour.
3. Your favorite place to vacation is...
   a. Florida Keys.
   b. New York City.
   c. Beaver Creek, CO.
4. For a day of self-indulgence you would...
   a. read a romantic novel, and drink a cup of tea while relaxing on the sofa.
   b. get a manicure and pedicure followed by a day of boutiquing.
   c. go for a walk at Radnor followed by a deep tissue massage.
5 On a casual day, you are more likely to wear...
   a. sweatpants (if they weren't against the rules).
   b. a flirty skirt and chic top.
   c. your most comfortable jeans and a t-shirt.

If you answered mostly...
A's- You are a flipflop.
B's- You are a high heel.
C's- You are a tennis shoe.

The **high heel** is the ultimate symbol of feminity, power, and control. You must be sure on your feet when making your way through life relying on the support of a single stilleto. You are a girl of outward confidence and inner intellect. Style is a supreme concern, and you are constantly expressing your personality through the latest swings in fashion (especially in regards to accessories of the feet). You will make an excellent business woman, savvy lawyer, fashion journalist, or anything that your heart desires for you truly are a go-getter. When you wear your heels with pride, no one will ever have a leg-up on you.

Flip flops are a way of life. They are an item of comfort and freedom. There is nothing like the feeling of stretching your toes to your hearts content or feeling the ocean breeze breathe over your feet on a long walk on the beach. You are a person of relaxation who enjoys the simple things in life. Whether it be flipflops with a skirt, with a pair of pants, or just a bikini, you are certain to have a fun time. You are durable and practicle, and likely a person who your friends rely on for comfort and advice. While you sometimes "flip flop" between your opinions and ideas, it is only because you are always trying to please everyone. Stay true to yourself!

Tennis shoes take you places. They are a utilitarian mode of trasportation, an item that will go anyplace, any time. It is important that your tennis shoes fit and feel good while you wear them, so as to not drag you down in the midst of action. A tennis shoe aficionado is often sporty, zesty, and energetic. You are full of life and there is not an inch of this world that does not intrigue or challenge you. Competition is your passion, and the right pair of tennis shoes supply you with your drive and vigor for life.

Building...

Job Well Done.

Last year's yearbook theme was Building..., which perfectly embodied the dynamic of our campus. When the 2004-2005 school year began, students entered on to a more beautiful, bountifully landscaped, and structurally completed campus. This year marks the first year since 2000 for students to attend school in a construction-free zone. With the Daugh W. Middle School successfully completed over the summer, the campus immediately took on a more unified and cohesive nature. No longer do students have to cross the street to reach the middle school. The only thing dividing campus is the sprawling Souby lawn. Harpeth Hall is fortunate to have legends like Miss Patty Chadwell who have attended every new building ceremony in the school's history. But, this year we will give her a short break!

Former Board of Trustees Chair Jean-Ann Banker encourages the students to enjoy the new facility.

VOTE 2004!

a race for the white house

No matter where you were on campus in the fall, it was impossible to escape talk of the 2004 Presidential Election. The Debate Club held a mock Presidential debate to inform students of each candidate's platform on important issues. Youth in Government sponsored a mock election in which everyone in the upper school was given the chance to cast their vote for President. The results showed that the upper school would have elected George W. Bush to a second term in office by a vote of 239-134. The faculty vote was much closer and in the end, they would have elected John F. Kerry to office by a vote of 28-15. Many students discussed the election in their history classes. Students in Mr. Springman's Contemporary Issues class wrote papers on their opinions of the pertinent issues in the election and discussed which candidate fit their beliefs. The middle schoolers got involved in the election in Mr. Benson's 6th grade history classes. Issues of the election even came up in the Dean of Students folder. When Election Day rolled around, there was a pleasant surprise as students arrived on campus only to be sent back home due to a power outage at school. Many of the seniors who were old enough to vote took this opportunity to make their way to the polls. The election proved to be another close battle between President George W. Bush and Senator John F. Kerry, but in the end, President Bush was elected to a second term, this time winning both the popular vote and the electoral vote.

Erica Yartz marks her ballot for President in the Upper School mock election. Erica was one of the 24 seniors who was eligible to vote in the actual National Election.

Girls just wanna have fun!

The theme for this year's seniors, the Class of 2005, could not have been more perfect. After taking the senior pledge, the seniors took their own oath: to spend the year just having fun! Defining their theme with the classic eighties Cyndi Lauper song, "Girls Just Wanna Have Fun", they decorated the year with sweatbands, neon caps, and a TON of pink! That is not to say that senior year is all fun and games. With mounds of college applications, scholarship forms, and AP class work, the class of 2005 began to wonder if senior slide was just a myth. After a fabulous spring break, they finally decided to relish in the last few weeks of their high school careers. Senior prom, Powder Puff, the Almost Alumni Luncheon, senior prank, Awards Day, Step Singing, and finally graduation are just a few of their landmark moments. At awards day, the class of 2005 received top honors with the class spirit award. Class President, Kathleen Morphis, kept the girls on good terms with all of the administration with her punctuality, organization, and kind nature. The catchy phrase, "Oh Five, Oh Fun", fits this group of unique and witty girls perfectly! Next year, the campus will not be the same without the 80s music blaring from the the senior patio or the striped pink walls shining through the senior house windows. History may remember this era at Harpeth Hall as the year of PINK; however, only the class of 2005 will remember everything that went in to making it so special. Known for their spontaneity, unity, and spirit, the Class of 2005 certainly made this year memorable for the entire school.

I would like to thank my family for all their support throughout the past four years of my experience in high school. It has been a wonderful four years of my life and I am going to miss Harpeth Hall. Mom, thanks for always been a wonderful mother and friend to me, you have taught me so much about myself and you are the best mom ever. Dad, thank you so much for always supporting me in all of my aspirations. Rob, thanks for being a really cool and wild older brother, your stories have always put a smile on my face. Charles, you have been such a role model for me and I look up to you so much, thanks for always being a wonderful brother. Ellen, you are such an awesome little sister and most importantly a wonderful friend. To my friends, yall are so awesome and the past four years would not have been as memorable without you- goodluck to everyone next year!

To the "Ensworth" girls: You've been there from the very start to the final days, stick with me, we'll need each other many more times before it's all said and done. Go oranges!! To the "cheerleaders": Who else could I plan the minute by minute details of 3 winter formals, 2 proms, and countless themed dances? Neurotic you might ask? Yes. Anything but an absolute blast? No question. And no matter what we say, we will always fall for the boy in the pink shirt and blue seersucker behind the wheel of a dodge. To my free period goddesses: I assure you, you will all be accepted to fabulous colleges. I will never forget our deep intellectual debates over everything from religion to the infamous "wall of shame". Your perspective has been enlightening. To the "molly maids": I would've never survived senior year without y'all's weird outbursts and funny emails. Thanks for always putting up with me even when it seemed like I was losing it. To all the senior '05 girl crushes: Remember where you came from, stand up for what you believe, and never let anyone trample your dreams. I love you all and you will be missed!

Mom and Dad- Thanks for always putting up with all my whining. Thanks for believing in me and loving me unconditionally. Both of you have taught me so much and I am grateful for that. I love you!
Hunter and Lauren- Not only are ya'll the greatest older siblings, you are the best friends I could ever ask for. Thanks for teaching me so much and for looking out for me. I am so lucky to be born into two lifelong friendships. I love ya'll!
My friends- I cannot believe our time together is almost over. Thank you so much for always being there and making me smile. We've had some great times and we have many more to come. I will miss ya'll so much. I love you!
My Junior Girls- Have a great senior year, it flies by so fast. I will miss ya'll, so you better take a lot of college trips to see me!
Matt- Thanks for listening to all my drama and complaining, and teaching me to suck it up. I'll miss you Bubby.

Thank you to everyone who helped me make it through. Thanks to my parents and family for all their support these last four years. Coach Schwartz, thank you for everything. To my friends, we've had some good times- y'all are awesome, please never change. To the basketball team, its been an absolute blast. I have never had more fun with any other group of people in my life- through all the ups and downs y'all have been there. This team has had some incredible moments I will never forget. I love you guys and will miss you all so much!

Thanks and Love to the Island ~ Kate, Allison, Bear, Mel, Mag, and Brit ~ for getting me through and making it fun. I can't even begin to describe all you have meant to me, so I'm not going to try. No one holds a candle to you girls.
Thanks and Love to my Art Girls ~ Kelly, Ellen, and Trish ~ for your encouragement, advice, and hot chocolate. Your talents are outweighed only by your characters, and I will miss you.
Thanks and Love to Erin, the gentle steward of my sanity, and Arthur, because somehow you never get tired of talking to me.
Thank you to the students and faculty of Harpeth Hall, the Blair School of Music, and the Sewanee Summer Music Festival.
And of course, many thanks to my family for taking care of me and always thinking I could do it.

These past 6 years have been absolutely amazing. I'd like to say thanks to everyone who has made them that way. To my friends: thanks for all the good times, for the hard laughs, the shoulders to cry on, and warm smiles full of understanding. I will treasure my friendships with you all and carry them with me throughout my life. Thanks especially for putting up with my bad jokes, inability to do anything quickly, big hair, and lack of volume control. To the faculty: I don't know what I would have done without you. You have provided so much support to me over the years in not only my academic endeavors, but also in my life beyond the classroom. To Mom, Dad, and Amy: Thanks for giving me grief, keeping me in line, and always being there to support me in everything I do. I love y'all so much.

First I would like to thank you Mama. If it were not for you, I never would have come to Harpeth Hall. Although I was very angry with you at first for making me go to Harpeth Hall, I am glad you did. Thank you for being there for me during my rough start freshman year and helping me face all my problems. Thank you Lauren. Even though my friends were great, I can't imagine being at Harpeth Hall without you. After living with you and going to the same school as you for 16 years, it is going to be weird next year when I am away at college. Thank you to all my friends. High school would not have been the same without you all. Thank you to all my friends in other grades. I had so much fun junior and senior year when you all came to the upper school. I'm going to miss all of you next year. Thank you to everyone else that has been there for me during these past four years. I would not have survived and grown to like Harpeth Hall without the love and support from everyone.

Thanks Mom for always making sure that I have all my priorities in the right order, that I know to always be my goofy-self no matter what and to not sweat about the little things (even though I always do). Thanks Dad for always being there when I needed you and making sure that I do not take anything too seriously and that I can always make fun of myself. Thank you Allison for making sure that I am not a softy and that I will always be able to handle any kind of criticism I run into throughout my life. Thanks Grandma and Grandpa for always asking how things are going, and Motherbear and Doc, thank you for always asking as well even though you have 10 other grandchildren to worry about. To Captain Ron, thank you for being my Black Rock. Thank you to the teachers who have been in my life especially those who have definitely been more than just teachers to me but also friends that I could rely on for advice and help on any matter. To my friends, thanks for putting up with me and being there when I was stressing out over the little things in life that mean absolutely nothing in the long run. To everyone who has traveled down this path with me: it has not always been easy, and it hasn't always been fun, but without the support of my family and friends I never would have made it. Mom, Dad, and Harlan, if I thanked you every minute of every day I wouldn't say it enough; you have stood beside me and guided me with unwavering strength and encouragement for which I am forever grateful. Thank you for being the best family I could ever ask for. To each and every one of my friends, I know it hasn't always been a smooth ride, but looking back I know I will always remember the laughter before the tears. I will never be able to thank you enough for looking out for me and for always being at my side; thank you all for the countless memories. Each one of you is an incredibly gifted person, and I can't wait to see who you all become. First of all, I would like to thank God, who has given me the strength to endure challenges and pursue my dreams. To my mom and dad, I could have done nothing without you. You both have been the most incredible role models and parents a girl could ask for. Thank you so much for raising such a tight-knit, loving family that I will always have to support me. I will never be able to repay you for the things you have given me, and I love you both so much. Little Hoolie, I can't believe we are going to be separated. For as long as I can remember, you have been my shadow, and I don't know what I will do without you. Thank you for supporting me, telling me when I was wrong, and showing me what it is to be a "free spirit." I love you more than anything, and just always remember I am only a plane flight or a phone call away. To the basketball team, Coach Schwartz, and Coach Ward, thank you for taking me into the family and truly teaching me about sacrifice, hard-work, and unselfishness. I will come back for a game next year, and I will never forget any of you. Finally, I would like to thank everyone at Harpeth Hall for making my transition not only smooth, but incredible. I have had the best two years of my life here, and I can honestly say, like Dr. Echerd, that when you cut me "I bleed magnolia green."

Although high school has had its ups and downs, I could always count on my parents and Leigh to be there. Leigh- Your the only one who has been with me through everything, you're one of my best friends and I have more fun with you then I do with anyone! To my four favorite girls- it's too bad we just got this close in the middle of junior year, but we sure did make our last two years the best! Love y'all so much and I don't know what I'm gonna do with out y'all next year!

To Mom and Dad, thank you for all of the support, love and encouragment! To Emmie and Cornelia, I wouldn't be the person I am today without you two on either side of me. Thank you for always letting me borrow your things, stay up late and talk when I need someone to listen, and being the "twin" sisters that know me almost better than I know myself. I owe an invaluable thanks to my friends for always being there. You all have shown me how too much of something can be a good thing. We have laughed too much, cried too little, and had way too much fun. We have truly grown up together and I have enjoyed every minute of it. To the class of '05, I love all of you so much! Always remember, "We all take different paths in life, but no matter where we go, we take a little of each other everywhere."

To my parents-You have been so supportive, so funny, so loving over these past eighteen years. I'd admire you even if we didn't share a gene pool. To Ben-Play nicely with Mom and Dad and visit me at college. I love you more than you'll ever know. To the island-Bear (of the Claire variety), Pear Bear, Al, Melly, Mag, and Brit-Thank you. After all these years, what more is there to say that hasn't already been said? You've seen me at my best and my worst, and eight years later we're still inseparable-and that says more than I ever could. I love you. To the West End United Methodist Cult (I mean, *Church*) girls-I'll miss our marathon Sundays, the endless meetings, and the crazy retreats. At least we graduate with the knowledge that we went to the best church ever. To the F block free girls-I'll never forget the great times our motley group had in the senior house. I'll always carry with me very visible evidence of all the food we ate. To those of you that are wondering, Hey, where's my category?-You made my high school years the marvelous ones that they were. I love you all.

As grateful as I am to have had the opportunity to attend Harpeth Hall since the 5th grade, I never could have survived the past eight years without the loving support of my family and friends. To my family: mom, dad, Rachael, Ryan, and Marie, you have seen me at my best and worst moments- you know who I truly am, flaws and all. Thank you for all of your advise and encouragement, but most of all, thank you for trusting me to make my own decisions. No matter where I go, I am thankful to know that I will always have a loving home and wonderful family to return to. To my friends, my other sisters: each one of you has influenced me in ways I'll never be able to express. While I'm going to miss not having all of you around me next year, I will always have our memories and stories. You are the ones I have trusted, and I am certain I will never meet people quite like any of you. Understand that each of you has left her mark, and will always hold a special place in my heart. To the Harpeth Hall faculty and administration: you have watched me transform from a short, awkward 11 year old into the person I am today. All of you have become more than teachers to me- you are my friends. Thank you for your unrelenting willingness to assist me personally and intellectually. Your influence has prepared me to successfully face the world and make my place in it. I have nothing short than immense respect for each of you, and will greatly miss your presence. To the senior class: I've known some of you for a very long time, and others I've gotten to know better this year, but I will miss each of you. Thanks for making these past seven years some of the most memorable ones of my life.

To Mom, Dad, Olivia, (and Kiki)- Without you, I would be without kindness, love, laughter, understanding, reason, and strength. Even with the bad times we've had, I have grown from them and become a better person. You have taught me that the imperfections in people do not reflect their true character. Forgive me for all of mine. I will always be grateful for the trips you've let me go on, your openness with me (especially you, Olivia; you are my toughest critic), and for instilling in me an independence unlike that of anyone I know. I will always remember the "Steve dance," going out to eat-never a simple task, the gourds, the 6 cars, road trips, and heart-to-hearts. I will remember Dad's advice, Mom's opinions, Olivia's questions (and lack of apologies), and Kiki's absurd behavior that emulated that of Puppa. I have certainly grown to love and accept our unusual family.

To my friends- Y'all have given me so much! My 18th birthday party, hanging out on the weekends, listening to my Thomas issues as well as others, and never ever ceasing to give me honest advice; senior year especially has redefined to me what friendship is. Everyone in the grade has been incredible throughout Harpeth Hall. I will always remember the memories I've shared with those at Harpeth Hall; especially the memories of A free study hall, the OC, chais (Eric), abbreviations for everything, the Birthday Dream Machine, and Gatsby parties. I am fortunate for all the experiences I have been given and for all the people I have met.

Helen Vandeveer Ramsey

Thanks to all of my friends for the thousands of fun adventures we have taken part in together. Both your good nature and your encouragement have made my high school experience unforgettable. Thank you Mom, Dad, Meredith, and John for your continuous love and support. I would be no where close to where I am today without such a loving family. Last, thank you to the entire Class of 2005, composed of the friendliest and most hilarious girls I have ever met. It's been an incredible past four years, and I will miss you all dearly!

And thus I emerge eight years later, a much different person, shaped by all I have known. Thank you to all of those who know and love me for who I really am. You have influenced my life in ways you can never imagine. First, I want to thank my parents. You have provided me with the things I treasure most in life: a family, a set of morals and standards, and an amazing education. You do not know how much these mean to me. Second, my friends. You all have given me the best times of my life. Estee, thank you for being my everything for eight years. I will miss all of you with all of my heart. Never forget.

Favorite Shoe?
My light pink pumps that I am determined to wear even in the winter. They are a pair of 4 inch stilettoes with a scarily pointy toe, size 8 1/2

Emily Elizabeth Reed

To my parents, thank you for your support, love, and patience through everything. To Matt, you have such a good, kind heart and I am so proud to be your sister. You teach me a lot more then you know. Hannah, thank you so much for your advice, optimism, and the many times you laughed with me and told me what to do when I was in trouble (that was a lot). To Dave, I love you more than anything, thank you for being my first true love. To my friends, we have had more fun then I could ever have imagined. You have made me laugh but been there when I cried and I could never say thank you enough. I love you and will miss you all so much!

Favorite Shoe?

My Family: Thank you so much for supporting me through all my years of school and growing up.You have no idea how much your love and encouragement means to me. During hard times as a family, we always manage to hold up because we have each other, and I am able to make it through my own ups and downs because of y'all. You have done so much to help me get this far! Please know that I truly appreciate everything you've given me to enrich my life that much more. I love you so much!

My Art Class: Rosie and my other art family members... You all have taught me about so much more than just art. Most importantly you have taught me that it's okay to be myself, and I have so much more confidence than I would have had otherwise. I will miss everything from critiques to our fun music and talks. I know we have many 'Art Reunions' to come! I love you girls more than you know! Thank you for so many great memories.

All my friends: Thanks for showing me a great time in high school and I will never forget all the wonderful memories y'all have helped me create. You all know who you are, and I cherish every second I have gotten to spend with each of you. Thank you for being there for me and giving me all the support, laughter, and love through the years. I love you all!

Favorite Shoe?

My black and white addidas sandals. I wear them all the time because they are great for winter with socks, for summer without, and for slippers at home and for errands and shopping and, well, anything. I bring them on every trip with me- they are definitely my most worn pair of shoes and also my favorite, size 7

Miriam Michael Rose

To my family...I could not have dreamed of growing up with a more fun and loving family. Thanks for everything. I love you all more than you will ever know.

To My most dearest friends in the whole world...Time goes by so fast. I am so glad I have you all as friends. I have learned so much from all of you and hopefully you have learned a little something from me. We've had so much darn fun together. Bestest Friends forever and ever...until our babies our bestest friends forever and ever. I love you all so much.

Victoria Elizabeth Schwab

Thank you: Thank you to my wonderful friends who always can tell when I am lying. You are always in my hearts and I honestly don't know what I would ever do without your comfort, laughter, and support. Thank you to my amazing mother and father, who have supported me in every thing I have chosen to do, from sports to school, to every aspect of my life. Without your unending encouragement I would never be where I am, or have the confidence to try new things.

In these past four years, I have have more fun and happiness then I could ever have imagined. I would never have made it through with out my family and friends. To Big Sally Pete, one day I promise I'll catch up to you ~ to the little princess ~ just keep trying and one day you will catch up to me!!! Jimbo ~ i hope you will turn out okay eventually, but I'll still love you when you don't. Dad ~ Thanks so much for the freezone-time and always being there to talk. I could not have made it these last 4 years without y'all behind me , and knowing you will always be here makes leaving a little bit easier. Girls, you have made Harpeth Hall amazing, and I will never forget the great times I have had with y'all!

The first people to thank would be my loving parents who had the brilliant idea of sending me to Harpeth Hall. Although there have been challenges along this 8 year journey, it has truly been an amazing adventure, and I have loved every millisecond of it. Where would I be without the amazing girls that I have grown so close with ever since 5th grade? Well, I know I would not be as happy as I am now without their love and encouragement. In addition, I want to thank every single girl in our amazing class, from every smile, hug, laugh, and handstand in the halls- you have all made an impact. I will never forget running up the steps to Frist Hall during break in 5th grade, or the time there was a tornado during track practice, or Ms. Panchin's orientating in the snow. I will think back on the days of goofy assemblies, and having tea in English class. Of course I will laugh about Cross Country and the crazy fartleks and tacky weeks. Swimming brings McCallie fun, and amazing state meets. These past 8 years have been the greatest in my life to say the least, and I cannot express how much joy I have had here.

After searching tirelessly for about two hours on the many sales racks at saks, I stumbled upon the most adorable pair of shoes I had ever seen. They are Charles David black pantent pumps with a small bow on the toe, with the name "Cinderella" you can't help but love them. The best part is that i got them for $24.99 instead of $165.

Mary Susan Sinclair

Here's to the infamous Highschool years. To the friends made and lost, to the drama discovered and forgotten, and the laughter shared by all. Here's to the unknown, to the journey we will take and the new memories and lives we will live. But I'll always remember this school. My past and most formative years.

Favorite Shoe?
Hmmm, that's a hard question, probably my black and red sandal stilletos with an ankle strap.

Taylor Cline Sitzler

Mom and Dad- I don't know how you have put up with my mood swings the past few years. Thanks for everything- I don't say it enough. The younger kids should be less trouble than I was.

Matt- Thanks for always putting things in perspective for me and for actually answering the phone when I call you four times in as many hours.

The Girls- Yáll know who you are. Thanks for always keeping things interesting. Yáll manage to make me laugh when I have convinced myself not to, tolerate me when I wouldn't have tolerated myself, and look beautiful at bizarre hours of the morning (or when you are covered in shoe polish). I am so proud to count myself among you. I'm a lucky girl!

Class of '05- Thanks for seven amazing years. I can't wait to see what you all become.

There's really no way to sum up the past eight years of my life in only a couple of sentences. So I won't. But I will say that the Harpeth Hall experience has definitely been a ride. There are so many memories I will always cherish, there have been some great times. Sometimes I wonder why I have pushed myself so hard these past eight years. But now that I look back, I'm glad of it. For me, nothing has been what I had expected. Thank you to my family and friends for helping me along the way-I wouldn't have made it without your support. I love you all. Thank you to all my teammates-sports have been such an essential part of my life. A special thanks to the Red Rider for getting me to school everyday, safely. And Mac-your my boy. I admit that I don't want to grow up-I still listen to Michael Jackson and I even watch Spongebob! But now I realize that it's time to go forward. It's time for a fresh start, a clean slate. But I've sure enjoyed it while it's lasted.

Mom and Dad y'all have been incredible parents to me. You've always taught me that the hard times build character. Dad, your steadfast faith inspires me everyday. You are so selfless and make me so proud. dedicated to our family. Mom, you are like the sister I never had. Your childish personality never fails to make me laugh. Your optimistic outlook on life is such an inspiration to me. Graham, you gave me my love of sports and taught me to be tough. Thanks for paving the way. You are such an awesome brother, and I am so thankful that we have grown so close. Hotty Totty, Baby! To my girls, I love you all so much. Through the laughter and tears, we have made it through the Hall. Good luck on your many adventures next year. There have been some hilarious times, and I'm going to be lost without y'all. Boys, you know who you are, never is there a time when we are together that I'm not laughing. Thanks for being there for me whenever I need you. William, you've stood by me since 7th grade without fail. Whether we are laughing with each other or at each other, you have always made me smile. Thank you for adding so much love to my life. You are my soul mate and my best friend. I love you. Congrats Seniors '05!

For the past ten years, Mrs. Mulgrew has worked at Harpeth Hall, both as an English teacher and the Head of the Upper School. With her witty personality and good leadership qualities, she was able to win over the affection of parents and kids, teachers and students. Outside the hours of 8-3, Mrs. Mulgrew was attending school functions and events, taking care of her family, and getting the occasional facial and massage for relaxation purposes, of course. Both her role model characteristics and echoing laughter will be greatly missed next year, but, as the school inspires everyone to do, she left our school in better condition than it was given to her.

A teacher dedicated to enhancing the lives of 7th and 8th grade Spanish students, Mrs. Choppin is a staple of the Spanish program in the Middle School. Not only does she help students in the classroom, but she goes beyond the call of duty in order to instill good morals and ethics in everyone she teaches. Every year, Mrs. Choppin devotes part of her summer to take a select group of 8th graders to Mexico so that they can have a hands on experience in mastering the Spanish language. Mrs. Choppin is a figurehead in leading the Spanish program in the middle school but she is also widely known in the Upper School because she is so involved. We thank her for her years of commitment to Spanish linguists.

Spreading joy and happiness through her cheerful attitude and great food, Mrs. Savely is a sight for sore eyes for all students at lunchtime. Not only does she serve girls what they have been craving all day for lunch, but she also provides the students with snacks during all hours of the day by running "The Max", located in the cafeteria. Although students only see the finished product, a lot of work and effort goes into making each meal, and for that, we are eternally grateful. Lunch would not lunch without Mrs. Savely's smiling face and warm hugs, thanks so much for everything!

Senior Recognition Day

Girls Just Wanna Have Fun

"We are a group of athletes, artists, musicians, scholars, independent thinkers, leaders, and most importantly, friends."
- Kathleen Morphis

Whitney Haley and **Ryan Mclaughlin** lead a procession of their fellow senior classmates into Davis theatre for their Senior Recognition day assembly.

Every fall we gather together in Davis Theatre to celebrate the senior class. This year was no exception as the class of 2005 proudly marched on stage in their white dresses and shoes to be recognized as the new leaders of the school. While the rain was somewhat disappointing, **Mrs. Teaff** made the observation that "rain on senior recognition day meant no rain on graduation," which was a statement many people hope to be true. **Kathleen Morphis**, the president of the senior class explained how the class of 2005 has come together to become a close and comfortable group of girls. Her speech and the atmosphere of the occasion inspired this class to make their final year a memorable one. Kathleen then led her class in repeating the senior pledge in which they promised to be the utmost students they can be.

The ceremony was concluded when Kathleen announced the presentation of the traditional senior hats, which shocked the audience with electrifying pink embroidered with lime green '05. The hats tied in with the class of 2005's 80's theme of **"Girls just wanna have fun"**. After singing the senior class song, the girls paraded out in their bright baseball hats to a celebration in Souby Hall. The girls and their families further enjoyed themselves with cake and refreshments. This delightful day gave a positive start to the 2004-2005 school year and was a great way to recognize the leaders of the school. It was inspirational and a tradition that will be enjoyed for many years to come.

Katherine Wood and **Lizzie Braswell** are all smiles as they march into the lobby to sing the senior class song in celebration of the Class of 2005.

A sea of pink hats and white dresses flooded the stairs as the entire class of 2005 gathered together for a quick picture after being honored in assembly.

Lizzie Napier, **Rachel Lowe**, **Briggs Horn** and **Mallory Atkins** try their bright hats on for size in their preparation for a "Girls Just Wanna Have Fun" themed year.

Senior class president, **Kathleen Morphis**, paves the way with her inspiring speech about her expectations and appreciation for her class, as well as leading them in the senior pledge.

"My grandmother and I really bonded and had loads of fun!"
Lucy Meadors, 7th

One cherished occasion in the Middle School is the Grandmothers' Tea, held annually on the Monday afternoon before Thanksgiving. This event consists of an assembly followed by refreshments in the gallery. Eighth grader Cydney Smith spoke about the influence her grandmother and great grandmother have had on her life. The grandmothers were then entertained by the middle school choruses, dance company, band, and orchestra. Prizes were awarded to the grandmother that traveled the farthest to the event and the grandmother with the most grandchildren at school. Upon completion of the performances, students and their guests moved to the gallery and gym for "tea". Eighth grader Bradley Moody, attending her fourth and final Tea described the occasion saying, "It was really fun, even if you had a special friend instead of your grandmother."

8th grade speaker Cydney Smith shares childhood memories of adventurs with her grandmother.

5th and 6th grade chorus members (in plaid - Sheridan Haley, Sarah Allen Ray, Alice Cammack, and Leah McCormick. In polka dots - Jean Braodhearst and Ellie Davis) dazzle the audience with their amazing range and vocal ability.

Put on Your *Glass Slippers*

Winter Formal was the light at the end of a dark tunnel, a.k.a. exams. With the holidays approaching and the first semester behind them, the upper school students were ready to party in a Winter Wonderland. Although it was very chilly outside, it was hot on the dance floor. As the boys sported the normal coat and tie, fashions for the girls were more colorful than ever. The girls and their dates danced the night away as the hot band from Atlanta, The Maxx – whose name appropriately matches that of our new snack bar, took them back to the seventies, playing tunes by Earth, Wind and Fire and Van Morrison. The Class of 2005 really showed the rest of the student body that "girls just wanna have fun," as they boogied down on stage with the band. The night was a huge success and a fantastic way to begin the festivities of the holiday season.

Welcome to the REAL WORLD!

Winterim is an opportunity unique to the students at Harpeth Hall. During three weeks of each January, immediately following winter break, Upper School students are given the chance to explore learning opportunities in places outside of the typical classroom setting. This program is designed to permit freshman and sophomores the freedom to explore courses different from their core curriculum while remaining on campus. Juniors and Seniors are given the liberty to partake in internships in Nashville as well as New York, Washington D.C. and some other cities across the country. They can also do an independent study, or an Academic Travel to various countries in Europe. This year the annual Washington D.C. and New York trips proved to be a great chance for girls to adapt to life in a big city, while the trips to South Africa, Greece, and England allowed the girls to learn about different cultures. Each girl took full advantage of the opportunities presented to her during winterim, and embraced the chance to learn in a unique environment.

True Claycomb and Meg Delozier spend their Winterim time in Aspen working with "Challenge Aspen", helping handicapped children ski.

Jaya Williams, Elizabeth Akin, Claire Cato, and Kathrine Dresh fall in line with the regiment and impress George Washington, Sabin Nettles, step by step.

Captain of the Guards, played by Carly Rolfe, energetically calls out the marching commands to her soldiers.

Addie Cole, exausted after dancing the Minuet, nodds off while the sailors make their way back from the floor.

Madison Jones holds the flag sturdy; Ryan Noman rows the ship, and fellow sailors Allison Stark, Grace Tipps, and Krissie Petway keep a close eye on the treacherous waters of the gym floor.

Happy Birthday, George!

Karlyn Hunt gives a moving speech to add to the excitement of the historical aspect of this celebration.

George Washington Day is a long standing tradition, in which the middle school leads a celebration of George Washington's birthday. Dating back to the Ward Belmont days, George Washington day is always a highly anticipated event. The ninth graders used to be the participants of this celebration, but it was moved to the seventh grade when the middle school was added. Merrie Clark takes great pride in this event, and she directs the program with great poise. Mrs. Russ teaches the soldiers their march, and each year adds a new element to the routine. This year, the surprise factor was a spiral formation that consisted of delicate steps and careful attention. The captain of the guard takes an important role in this march as well, while yelling out commands for his "troops" to hear and respond. Mrs. Matthews takes charge of the sailors, whose flexibility and acrobatic talent are on display. The other members of the class are dressed as historical men and their wives in period gowns.This adds a fun way for each girl to learn more about their role in history. Morrison Gym is then transformed into a ballroom, where the girls learn a dance with their partners and perform for the entire school. This year marks the largest seventh grade yet, making the addition of new costumes crucial and more roles for ladies than ever before. Every year the seventh grade votes on two eighth graders to play George and Martha Washington, which is an extreme honor. This year George was played by Sabin Nettles, and his lovely wife Martha was played by Andee Johnson. Every year the celebration exceeds the expectations from the year before, and this year was no exception.

George Washington, played by Sabin Nettles, thanks the audience for such a lavish birthday celebration, while his wife Martha Washington, played by Andee Johnson, looks on.

Megen Darnell, Emily Whitson, and their fellow Minuet dancers make the traditional star formation during their dance.

Father/*Daughter* Dance

Far Top: Allison Doudle spins through the air into her father's arms. Evelina Franks and Claire Moll take a rest from the dance floor to spend some qualtity time with their fathers.

This was my first Father/Daughter dance. I really enjoyed spending time with my dad especially becasue he travels alot, and he seemed to have fun too! We managed our way to the dance floor for a couple of songs and it was quite hilarious to see the way all the dads dance! It seemed like there was a pretty big turn out and the weather was perfect!!

Melissa Neal and her dad, WInk Neal, dance a slow song together. Since it was a chilly night, Mr. Neal kindly gave his coat to Melissa.

"The band was awesome. They played some realy great songs!! I even convinced my dad to dance with me!"
-Ashely Norman

The Father Daughter dance is an annual tradition held for 8th through 12th graders. Each year, the General Jackson showboat sets sail, filled with excited girls and their fathers ready to dance the night away. To start the night off, all aboard are served a wonderful dinner including chicken, rice, and vegetables; topped off with fabulous chocolate mouse! The night then continues on to the dance floor. An outgoing and vibrant band played classic oldies and some Black Eyed Peas' hits while everyone got their groove on, even some of the more reserved dads. Rachel Mckensie said, "My father is a little old school, his fingers and arms did most of the dancing, as for me, well I was all over the place. I love watching my dad attempt to dance." After hours of dining and dancing, the General Jackson arrived at the dock, concluding a fun-filled evening.

Sophomores leave their dads on the dance floor to give their feet a break.

Battle of body, mind and spirit

Continuing the tradition of a full day of events instead of just a few hours, the Middle Schoolers showed up at school on Field Day all decked out in their clubs' colors consisting of red, blue, yellow, and green. Most girls chose to show their club spirit not only through wearing clothing to represent their club, but by adding hair dye, body paint, and colored ribbons in their respective color as well. Excited about Field Day and the various activities it had in store, the Angkor, Ariston, Eccowasin, and Triad Club Presidents pumped the girls up and helped to make sure girls of all ages were having fun. Among the activities and relays there were three-legged races, potato sack races, Siamese twin races, and the tug-of-war. All in all, Field Day was a huge success, with each girl not only taking her turn participating, but by cheering on her team mates as well.

At one point during the day, the teams took a much needed break from the heat to cheer on the teammates in a battle of the wits known as Quiz Bowl. At the end of all of the challenges the Aristons reigned as victorious!

RED...BLUE...GREEN...YELLOW...

Isabel Concepcion stares off in space, thinking about what exciting things are in store, while making signs to show her Triad spirit by making signs.

Sara Hughert and Jasmine Miller practice their strategy for the three-legged race in hopes of bringing the Angkors to another victory.

Emily Carpenter collapses to the ground, joining her Eccowasain teammates, after a heart-breaking loss in the tug-of-war.

Elizabeth Brittain and Patricia Gormley, along with the rest of the Aristons, pull their way to victory in a successful tug-of-war.

The Triads pull with all their might in hopes of pulling harder than their opponents and claiming the long awaited victory.

The Eccowasains take a much needed break from the day's eventful activities to enjoy lollipops and converse with friends.

Rohini Chakravarthy faces off against two of her friend Triads in some playful competition.

Anne Jacobs cheers on her teammates in the three-legged race while putting her shoe back on.

Madeline Wiseman, Emi Wiekert, Karlyse Bailey and Kate Wiseman discuss the possible answer to a question in hopes of scoring another point for the Aristons.

Arabian Nights

Thanks to some serious hardwork from the Class of 2006, prom proved to be yet another huge success. The juniors lacked no creativity when choosing the original theme "Arabian Nights". One popular talk show host recently the announced the best prom themes for the year, Arabian Nights was in the top 5. Complete with astounding decorations, gorgeous girls in beautiful dresses, Martina McBride, and yes, even a live camel, this year's prom was fantastic. When parents, teachers, dates, and guests want to spend more time in the bathroom due to the lovely decorations, you know you've done a good job. Junior Allie Phipps commented, "We worked really hard this year and I think it turned out the best it possibly could." The most popular choices for dress color were bright blues and pinks in varying fabrics. However, even though some of the dresses looked similar, each senior and junior truly glowed in her own way. Thank you juniors for a great prom, the seniors couldn't have asked for a better one. Talk about some pretty high expectations to live up to next year!

Whitney Downs, selected as Prom Queen, escorted by her father, **Mr. Cliff Downs.** Unfortunately her boyfriend was unable to attend prom, her father made an exceptional substitute.

Juniors **Annsley Wallace, Kelsay Best, Bracey Stewart, and Dede Nesbitt** are happy to show off their hard work and decorating skills on Prom night and enjoy the evening.

Kristin Wamp is clearly having a good time performing her original songs, "Baby Let Go," and "Come Home."

Monisha Chakravarthy thrills the audience with her famous Indian dancing--a crowd favorite.

Freshman, Rina Senbonmatsu and Ashley Norman show off all the practice hours they logged as they dance their hearts out on stage.

World Champ Highland dancer, Margaret Walker performs an exciting Scottish dance.

Host ,Whitney Downs, gets a little help from audience member Ellen Regan, as they sing an impromptu duet.

US Talent Show

An Evening of Diverse Talents

The Talent Show, sponsored by the senior class, was a great success! It benefitted Ms. Skelley's niece, Selena Clark Lee, who was paralyzed in a climbing accident. The proceeds were donated to Selena for a new bed to support her spine. Selena, a woman of many talents and ambitions, was thankful and proud that the money raised was the outcome of shared student talents. Performances ranged from singing and dancing to acting and improv. The turnout was remarkable, and the show kept the audience thoroughly entertained. All the time and effort put into this event really shined through the girls' talents, making for an unforgettable night.

Before they were Stars:

Claire Berry plays and sings her original songs "Balitmore" and "The Birthday Song."

Lindsay Turner plays and sings Martina McBride's "Concrete Angel."

Stephanie Rothenburg wows the crowd with her version of "All that Jazz."

Elizabeth Bohannon spends a "Midnight at the Oasis."

Master of Ceremonies of the MS talent show, student council president Sabin Nettles calls everyone back into the auditorium after a premature dismissal.

It's the quiet ones you have to watch...Seventh grader Grace Tipps wows the audience with her dancing skills to Jukebox by Ani Difranco.

Lindsey Myrick sings a solo, accompaied by her uncle, US science teach Mr. Scott Myrick.

The dynamic duo, Elizabeth Floyd and Haley Joyce, sing Lean on Me.

Far Right: Pheobe Carver and Bradley Moody wowed the crowd with their gymnastic abilities.

Not just singing and dancing at the talent show. Fifth graders Autumn Maxwell-Pruitt and Sophie Owen act out a scene from Cinderella.

Students take the stage

Before they were Stars:

Markisha Hollands-Peoples dancing to "One, Two Step"

The song was called One, Two Step by Ciara and it was fun but we realized that some people's ideas clashed with other people's ideas and we argued a lot and kind of messed up some of our friendships but at the end of the dance and after talent show we all had stronger friendships then before!

-Markisha

Cydney Smith dancing to "One, Two Step"

For the talent, Aline, Lakesha, Markisha, and I did a hip-hop dance to 1, 2 Step. We spent months making up the dance by ourselves and had a bunch of random girls freestyling in the background. It was so fun! I wish I could do it again!

-Cydney

Deirdre Zimmerman doing "The Pancake"

The talent show was one of the most fun experiences. A bunch of girls, including myself, were told to just dance and have fun, even if we looked totally crazy. Since we were in 8th grade we decided it really did not matter how crazy we really looked on stage, but it was all about having a good time.

-Deirdre

Nina Banfield singing "Wide Open Spaces"

Were you nervous on stage? Just a little bit

Are you glad you performed? Yes!!!

What was the audience like? The audience seemed like they were exited and paying attention... at least I think so!

Did you have fun and why? Yes, I had fun because I just like going on stage and performing.

AWARDS on the LAWN

A highly anticipated morning, Awards Day marks the end of classes, the culmination of club competitions, and a time of well-deserved recognition. It is the first hint of summer as the frenzy of school weeks come to a close. Awards are given by all of the academic departments, the fine arts, as well as the all-school awards. However, the traditional announcement of the Lady of the Hall reigns as the greatest honor. The fifth and sixth grade crownbearers, seventh and eighth grade heralds, and freshman through senior representatives earn their titles by being appreciated for their kind heart and selfless spirit. Also memorable, the book awards serve to recognize juniors who have not only survived the perilous year but have done so with shining colors and great grades to prove it. While the ceremony is long and outside, the sun often provides a base tan for the viewers. During the middle of the agenda, club song competition is an always humorous pick-me-up, and a time for each club to show off their practiced routine. In the eyes of the faculty, the Milestones dedication is an anticipated announcement. This year, Dora Savly, a beloved lunch-lady and friend, was surprised with the all-school dedication. With the crowd in tears, students, teachers, and visitors alike, Mrs. Dora took the podium to spread her love in a series of thank-you's and emotional remarks. She has been battling cancer, and the school has rallied together to provide love, support, and donations in her honor. As the sun reached its peak around noon, awards day came to a close with the Director's Award and the Head's Award. The seniors lead the school in one of the last rounds of the alma-mater, marking the official beginning of exam week and the anticipation of graduation for the Class of 2005.

A deserving recipient of the Director's Award, Claire Stadler beams with her signature smile and bouncy spirit.

Brittany Northcross is donned the title Lady of the Hall . She will be remembered as an eloquent speaker and a true role-model.

Singing into Summer

A time-honored tradition, Step Singing serves a dual purpose. It is a ceremony dedicated to honoring the Lady of the Hall and her court. But also, it is also a symbol or "passing the torch" ceremony where the rising senior class takes on oath of leadership as the graduating seniors step down from their positions. Much consideration goes in to this ceremony. Each grade elects a lady of the hall representative and the entire upper school nominates the Lady of the Hall. It is the greatest honor that a senior can receive. She is the person who best embodies the essence of our school motto to think critically, lead confidently, and live honorably. Coining the name Step Singing, both the Junior and Senior classes choose a song reminiscent of graduation to sing on the steps of the library. There was one new twist in the plot this year. For the first time the entire upper school was required to attend so that the freshman and sophomores would begin the ceremony by leading the procession. It may have been hot, but May 22nd marked an excited new beginning for the Juniors and nostalgic "au revoir" for the seniors.

Wearing a crown marks a special time in any girl's life. But for Brittany Northcross, having senior representative Morgan Stengle place it on her head to recognize her title as Lady of the Hall, is both an honor and a well-deserved privilege.

The Court: Diedre Zimmerman (8th), Kate Sangervasi (10th), Ellen Regan (11th), Wallace Morgan(6th), Brittany Northcross (Lady of the Hall), Jennifer Earthman(5th), Morgan Stengel (12th), and Carly Rolfe (7th)

Middle School Honor Day is anticipated by all 8th graders from the very first day of school. This special day recollects memories, honors specific girls in a variety of areas, and most importantly recognizes the class as a whole. Complete with an elected speaker from the class, Honor Day is quite the celebration. The speaker reflects on the past year, her experiences, and what she and her classmates look forward to as they move across the lawn to the upper school. The girls process on stage in beautiful white dresses while celebratory music seranades the ceremony.

Intramural Clubs

Wear your color with Pride

Before the TSSAA, girl's sports revolved around intramural sports. We have always been on the cutting edge when it comes to the girl's atheletic arena, so the competition quickly became intense. Intense enough that the athletes needed fresh competition, eventually against other school teams. But our school did not want to let go the four club tradition. With club initiation, relay races, spirit week, MS field day, and club song competition, the ARISTONS, ANGKORS, ECCOWASINS, AND TRIADS have remained an integral part of school life.

Being named club President and Vice-President is a huge honor. This year Brooke Bloom and Emily Reed did the honors for the Angkors. Spirited Helen Rankin and Katy Bowers led the Eccowasins. Cheerleaders Cacky Tate and Katherine Wood led the winning Triad team and organized the Aristons. MS intramural club competition has grown over the last couple of years into a very important commitment. There was not a single person who was not covered from head to toe in their club color on field day. The Aristons took the Gold for the middle school while the Triads won for the high school.

SPIRIT OF SERVICE

Here, community service thrives. Each year, there is 100% participation in service throughout the whole school. This truly is an accomplishment! In terms of hours served, the total added up to over 30,000 hours. That is like working 24 hours a day for over three and a half years! Awards were given out at the annual service recognition assembly to girls who had given over 100, 150, 175, and 250 hours. The club service award was given to the knitting club for their work on knitting scarves and hats for the homeless. Mrs. Elizabeth Allen won the teacher service award for all the time and dedication she puts into working with Hispanic Achievers. It really was an assembly worth celebrating for. Every year, there is a trip planned for service that the school helps sponsor. This year, however, due to the low number of participants, the trip was cancelled. Thinking ahead to next year...this is a great opportunity to get involved in community service, so sign up if interested! The high level of service this year helps set high standards for next year...Let's get 40,000 hours!

Honor Council president Allison Milam graduated with top honors as Valedictorian of the Class of 2005.

Honorable Bears

Ambassadors, Honor Council, and Cum Laude

The Ambassadors have completed a successful year by promoting the school in a positive light. President Katy Bowers had a wonderful group of girls under her to represent the school well including Vice President Helen Ramsey and Secretary Augusta Cole. The Ambassadors represent the school to parents, prospective students, alumnae, and the community.

The Honor Council is made up of 5 seniors, 4 juniors, 2 sophomores, 2 freshmen, and one faculty sponsor (Head of the Upper School). Alison Milam states, "As president, I preside over hearings, organize meetings, and work with the other members of the Honor Council to help maintain the honor and integrity of our school community."

To be part of the Cum Laude society at Harpeth Hall is quite an accomplishment. This special honor recognizes junior and senior girls who are in the top 20% of their class according to GPA. These girls are honored in a special assembly in which they are admired and inducted into the prestigous society. Claire Berry is the president of this year's Cum Laude chapter and Morgan Stengel is the Vice President. Faculty sponsor Dr. Art Echerd says that besides high academic achievements "a love of learning, and personal honor and intergrity" are required.

New Inductees to Cum Laude: B. Stewart, M. Chakravarthy, K. Morphis, O. Patterson, H. Rankin, M. Woods, MR. Bryant, M. Walker, J. Thompson, T. Sitzler, E. Regan, A. Cole, M. Diehl, A. Hoblitzelle, W. Downs, E. Jackson.

Calling all Elle Woods! Well...these girls are actually better. Articulate, persuasive, and able to think on their feet, the 2004-2005 Mock Trial Team had yet another great year. Their trophy for third in the city reflects the hardwork the girls put into preparing for competition. This year's case was about the murder of a country music manager. Is the lead singer of a group guilty? Whether prosecuting or defending, the team always seemed to receive the verdict they wanted!

Twenty four girls participated in Mock Trial this year. Green team placed third in the city, just 1 spot away from attending the state competition.

MILESTONERS

making moments Last Forever

SO Maybe "Shoes" got to our heads
Just a little bit...

Back in April of 2004, this group of girls submitted their applications to join the Milestones staff. Being a member is a committment to say the least. However, that did not dissuade this avid group. Together they united to tackle three huge tasks: a book in full color, an unusual theme, and finishing the book in time for an earlier publication. All the while, the structure of the club went from one editor-in-chief to two and the club sponser, the oh so fabulous Martha Grace, went from single to planning a summer wedding! So... how did they do it?

Well... first off they took a trip to the annual Journalism Education Conference in Atlanta to learn the new tricks of the trade. The group returned pumped up and ready to go with their super stylish theme. Fortunately, much of this year played in to our theme. The senior colors and spirit worked beautifully with our girly touches and Ana's senior speech explained the Shoe theme perfectly. Creating this book was fun, adventurous, and creative! The group was one of the most enthusiastic in yearbook history, and hopefully their enthusiasm will rub off on you as you flip through the pages of the 2004-2005 school year!

Freshman Grace Wright, along with the rest of the Hallmarks staff, comes in on a Saturday to work on the publication.

Hallmarks is the literary magazine which features stories, poetry, or any kind of writings by students. Penstaff is responsible for the production of Hallmarks, as well as holding meetings for the Writer's Society. The Writer's Society meets once a month with MBA and listens to guest speakers, ususally a songwriter or author. Penstaff's responsibility is to "spread writing and have some fun." Junior Anne Laurence Chenery says their mission is to share what you've written with your peers and get honest and open feedback."

The middle school newspaper has been a huge hit this year in the middle school, producing three newspapers over the course the year. The most popular article this year was the article on "best dressed teacher" which was written about their own, Ms. McAtee. The random facts listed throughout the newspaper have also been a huge hit and include interesting facts like "Did you know that a quarter has 87 ridges on the side?". Thanks to the work of Willa Fitzgerald, Channing Garber and Adam Ross the middle school newspaper has really taken off this year and has provided Harpeth Hall with a newspaper that is enjoyed by both the middle and the upper school students.

Staying Smart, Staying Safe

The Chess Club, led by President Kate Gregory and Vice President Lizzie Napier, is one of our treasured clubs. Its members meet every Friday to teach beginners the rules of the game and to have ongoing tournaments. Although this club is small, the love of the game (and cookies) keeps it strong.

Student Against Drunk Driving (SADD) is a club with a focus on reminding students to be responsible with alcohol. Led by Katie Bowers and Mary Lindley Carswell, SADD works on placing constant reminders in the halls about the horrible consequences of driving drunk, and is especially known for Red Ribbon Week.

Quiz Bowl, the club for brains, is one of the few intermural clubs on campus. Led by Melissa Kim, the quiz bowlers work hard all year to prepare for the city wide compitition at the end of the year.

Clubs of Arts and Sciences

BOOK CLUB, SCIENCE CLUB, MATH CLUB, ART CLUB

The Art Club functions as an interest club that is open to all Upper School students. It promotes the appreciation and enjoyment of art and design in many areas. It frequently hosts Saturday gallery visits and visiting artists whose works are displayed in the Marnie Sheridan Gallery. Some of the many projects club members participate in are making clay bowls filled with candy to give to retirement centers, learned basic jewelry making, having a make-up artist visit, attending a portrait artist demonstration, and many more projects which help them learn about the multiple facets of art.

It's just impossible for President Helen Rankin and Vice President Whitney Downs to control their enthusiasm for math. In March the Math Club led the school in Pi Day by placing math posters all over the school and bringing in pies to eat. The exciting calculator tips and Helen's advice to not "drink and derive" has attracted more and more math nerds to join in on the fun.

The Book Club, led by President Anna Poss, meets every other week and discusses books chosen as a group to read. Some of the books they have read and discussed are *The Count of Monte Cristo*, *Franny and Zooey*, and *Memoirs of a Geisha*. The members also occasionally hold get-togethers after school with themes relating to the books they have read.

Pi Day (3/14) has become a favorite tradition of the the Math Club, bringing in pies and cakes and decorating cookies to get the rest of the students excited about math.

YOUTH IN GOVERNMENT & REAL WORLD

Youth in Government is one of Harpeth Hall's most popular clubs, comprised of about 65 girls. Although sponsor Tony Springman would like to take the credit for the club's popularity, the truth is that more and more girls are realizing how much fun and educational Model United Nations (in the fall) and Youth Legislature (in the spring) can be. Led by President Emily Crowell and Vice President Kate Gregory, the girls work hard to get ready for the two conferences. In groups of two or three, most girls write a resolution (MUN) or a bill (YL) and spend all of the conference weekend speaking in front of other Tennessee students in an attempt to get them passed. YIG was also involved in the Harpeth Hall community by registering some seniors to vote in the 2004 National Election and by holding a mock election within the school (see pages 8-9).

The Real World Committee, led by Brittany Northcross and Ryan McLaughlin, is a group of students and faculty at Harpeth Hall School that strives to encourage, understand and unite intercultural dimensions within the Harpeth Hall community. Its goals range from enhancing community appreciation for diversity to increasing and supporting multi-ethnic representation in the school community. This year students and faculty have worked together to sponsor a series of "brown bag" lunches designed to inform students about life in the "real world."

Emily Crowell
YIG President

"Working as the president of YIG this year has taught me a lot about responsibility and organization. It takes a lot to get everyone ready for the conferences. Everyone did a great job at both conferences and represented our school well."

Brittany Northcross
Real World President

"Being involved in Real World has been a huge part of my Harpeth Hall experience. I learned about leadership and patience, but the most fulfilling part of being President was being able to educate my peers while still making sure they had fun."

Tony Springman

"I have been the YIG sponsor for many years and the work these girls do always surpasses my expectations."

The language clubs serve as some of the most popular clubs in the upper school, perhaps due to the small time commitment required to be a member. These clubs meet a couple of times a month to learn about their respective cultures, plan and perform service events in the community, and most importantly, eat. Most language club meetings consist of lots of cultural foods as well as drinks and candy. Every year, all the language clubs come together for the annual Food Fest, which doubles as a community service project and a social gathering to eat and learn about other cultures. At Food Fest, canned food is collected to deliver to Second Harvest Food Bank. These language clubs also participate in various assemblies throughout the year to inform the student body of customs and traditions in different nations. The language clubs also competed against each other in a fun and competitive game of capture the flag in April. The French Club is led by President Corinne Hartong and Vice President Tori Patterson. Spanish Club leaders are President Katie Gallagher and Vice President Anne Granbery. The Junior Classical League is led by Consul Christine Riley and Proconsul Beth Ward.

Movie Club, Knitting Club, Assembly Comittee

The movie club, headed by Monisha Chakravarthy, entertains students during lunch by showing an array of films, including *Psycho* and *Back to the Future*. As Monisha put it, "The movie club shows films that are both intellectual and fluffly." During Oscar season, the movie club hosts an Oscar guessing contest, to see which students knows Hollywood best.

This year's co-presidents of the knitting club, Emily Thompson and Sarah Feldner, along with their sponsor Mrs. Girgus, provided their club members with plenty of yarn and needles to knit hats and scarves. Each year, they donate items to the homeless, ensuring them a warm wardrobe for the winter.

The Assembly Comittee is a group of girls selected to invite and introduce speakers for all of our assemblies. They make sure assemblies are conducted properly, as well as begin and end on time.

Keep On Trekkin'

Five-peat HVAC champions by a slim three point margin over University School!

The "Long Green Line," as the middle-school cross-country team is known, started the year with low expectations and the smallest team they have had in years. They were a determined bunch of girls starting practices three weeks before classes began and working hard throughout the entire season. During the season, the team improved every week, but injuries to key runners led to two defeats and a final regular-season record of 16-2. The championship race was a hotly contested battle between us and USN, but the Honeybears managed to earn a slim, three point victory to claim their fifth championship in the past six years. **Brenna Newport** led the way in every race and finished second in the championship race as the second-fastest runner in school history. **Alex Bryant** and **Elle Del Favero** also earned HVAC all-star honors, with **Bradley Moody**, **Sarah Joy Crouch**, **Mary Daniel Smith**, and **Anna Spickard** contributing great races to seal the hard-fought victory. In addition to these girls, the runners who showed the most improvement during the year included **Amelia Norman**, **Jaya Williams**, **Phoebe Carver**, **Caroline Aston**, and **Maddie Polk**.

Morgan Stengel places first in the state championship meet, helping us place third overall.

The Harpeth Hall Cross Country team was named 2004 Region Champions this year and third in the State Championships. **Morgan Stengel** lead the Honeybears as State Champion. The First Team All Metro consisted of Four Honeybears; **Morgan Stengel**, **Ashley Ramsden**, **Mary Katherine Bartholomew**, and **Glory Beveridge**. The Second Team All Metro was made up of two Honeybears; **Catherine Higham** and **Nicky Hughes Hallett**. **Susan Russ**, Harpeth Hall's very own coach, was named Metro Coach of the Year for Division II. Not only did Harpeth Hall dominate the race, this was the largest team that has ever run for us. The team was made up 47 girls. Harpeth Hall's JV team was first in Metro JV Championships and 2nd in Region JV Cross Country Championships.

The team traveled to Memphis, Moulton, Alabama, and Lexington, KY and competed in teams from GA, AL, MS, KY, TN, MO, and Ohio. Harpeth Hall conistently placed in the top three running against some of the top teams in the region.

Although three top runners from last year's team graduated, many new runners filled up the holes left by graduation. Coach Russ commented that "Our seniors **Morgan Stengel**, **Sarah Rowe**, **Molly McCullough**, **Tori Patterson**, **Estee Simpkins**, **Corinne Hartong**, **Ceci Creagh**, and **MaryTom Crozier** kept our team motivated. They also found ways to create a strong team atmosphere and make cross country fun."

Morgan Stengel finishes hard and strong, placing first in the state championships. **Mary Katherine Bartholomew** and **Glory Beveridge** run neck in neck on the SEC Steeplechase course. The Upper School golf team placed fifth in the state tournament, while the Middle School placed third in the HVAC tournament.

The Honey Bear Linksters, as they are called in the Middle School, had a great season. Seventh grader, **Katie Drummonds** and eighth grader, **Elizabeth McLemore**, are on the varsity team, and sixth grader, **Mary Elizabeth Sorci** is on JV. They finished the season with 5 wins and 3 losses. In the HVAC tournament Katie and Elizabeth had their best scores of the season, scoring a 41 and 46. Katie received a third place metal for her individual score. Mary Elizabeth also scored her best score of the season, a 51. Each golfer eliminated approximately 10 strokes from her game.

The upper school golf team did a great job this year. They placed second in the TSSAA Region Tournament which qualified them for the State Tournament. In regions, all the girls played a strong game. Junior, **Emily Stewart**, scored a 90 and received a medal for finishing in 4th place indiviudally. Sophmore **Sarah Hollis** scored a 97, and senior golfer **Mary Lindley Carswell** scored a 97. They competed against BGA, Father Ryan, JP2, Ensworth, USN, Brentwood Academy, St. Cecilia and SAS. They went on to State in Crossville competing against schools from Memphis to Chattanooga, where they placed 5th as a team. **Sarah Hollis** tied for 12th in the state, **Emily Stewart** placed 15th, and **Mary Lindley Carswell** placed 17th in the state out of 32 girls. As **Coach Leah Holland** said in a comment about the State Tournament, "A great finish against some really good competition on a difficult golf course. In the past we have only sent individuals to the tournament, but this year they went as a team."

Kathleen Fletcher, 8th, in almost perfect serve receive.

With only one returning player, Deirdre Zimmerman, the outlook for this young group was not spectacular. They started the season with easy wins over less talented CPA and FRA. Game after game, they just kept on winning. The girls had finished the season with a 14-2 overall record. They went on to the HVAC tournament where they placed second overall in the upper division. At the end of the season, the girls were more upset that they could no longer be a team and be together than they were about the season ending. Coach Ms. Martha Grace stated, "This was a truly talented and hard working group of girls. They hated to lose and fought all season long. Their work ethic proves that anything is possible when you play like a team and expect nothing less than your best."

"Harpeth Hall left everything out on the field, except their pride, and as a school we have so much to be proud for."
- Coach Renwick

The Middle School Soccer team had a very successful season this year, and the confidence of the team grew in leaps and bounds from the beginning of the season. There was a great balance between the eighth graders and the seventh graders. The team bonded on and off the field. Eighth grader **Kathleen Fletcher** commented that, "The bus rides are great...We have so much fun!" This group of girls used their honeybear spirit to roll over most of their competition. The hugeamount of team spirit contributed to the great attitudes that the girls had all season long. The team made it to the finals of the HVAC Tournament with a victory over BGA. With great team play resulting in goals from **Clair Bartholomew**, **Megan Darnell**, **Mary Daniel Smith**, and **Katie Zimmerman,** the HH girls served notice to the rest of the league they were to be contended with. The girls faced a tough match against the number one seeded Grassland Middle School in the finals, and the girls gave Grassland all they wanted and more. However, the team fell short, barely losing to Grassland and causing the season to come to an end. "As coaches, we could not be prouder of the group and were honored to be part of their team", **Coach Michael Renwick** said after the loss to Grassland. **Emily Carpenter** was selected by the HVAC coaches to be a member of the all-HVAC team.These girls showed dedication that was unmatched and, even though they did not win the HVAC tournament, they had a great season.

Seventh and eighth grade year brings endless opportunities for being a part of a sports team. The B team epitomizes the idea of having the opportunity to learn a new sport, while also having a good time. This year's team did just that. Though they did not go home with many wins, they learned the game of soccer. However, it is not all about the games, but the practice and hard work that goes into these games.

Dr. Schott, the head coach of the B team, comments "We began practices with a mix of experienced and novice players, and attempted to mold them into a team. While we practiced reasonably well, and grasped the concepts of soccer, we had a hard time translating that effort into victories." Though the victories were not there, the effort and hard work was. In the Ensworth game, the final score was 1-0 due to a questionable penalty kick. The girls came away from this season with successes both in their sportsmanship and fun filled experiences.

This year's soccer team demonstrated the fierce competition and spirit of the senior class that made this year's season fun, despite their record. With three girls suffering from torn ACL's, the team came together with a strong attitude and drive. Before school started, the girls traveled to Birmingham, Alabama for the University of Alabama team soccer camp.

When the season began, the freshman were broken into the new team with the annual freshman initiation tradition, where the team spent the night at **Caroline Hale's** house and performed various goofy stunts. On senior night, **Coach Whellis** honored each of the four seniors with a few comments about the spirit of soccer seen through each of their eyes. Ana, with eyes of fearness; Katie, with passionate eyes, Kathleen, with eyes reflecting a good attitude, and Caroline, with eyes that reflect her strength. **Kathleen Morphis** comments on the season as she says, "We had a really good time this year. We're a team made up of more than just soccer players, but great friends. I"ve had a lot of fun leading the team as a senior."

The Bowling Bears had a great year! Led by a new coach, Ms. Jennifer Cox, the team was very successful. Compiled of students from every grade, this spirited group of girls started from the basics and worked their way up. Seniors Bryana Franks, Caroline Hale, Jennie McCabe, and Aly Armistead led the pack with their great leadership, and the team gradually began to improve.

Their first match against Pope John Paul II was a success even though the team lost, with Allie Kirkpatrick, Lindsey Rollins, Diane Uwamahoro, and Melissa Neal bowling their first all-time highs of the season. At the rematch, the Bears came back and defeated Pope John Paul II in a close victory by clinching 4 of the last 6 games. Throughout the season, the girls learned how to improve their bowling skills. Overall, it was a very successful year. In their last match of the regular season, the Bears soundly defeated Brentwood Academy and earned their highest pin total ever.

The girls on the benches were screaming, yelling, jumping, and screaming some more the rest of the game, but in the end, we won with everyone to thank. We all played really well as a team."
-Karlyse Bailey

"We all had to come together to be a team and join together and sure enough that is just what we did. Practices were mostly fun. I loved it when we played games in order to improve our skills. I can't even tell you how much we improved! We would throw the ball to nobody at the beginning of the season and take crazy shots! With just 9 girls on the team, playing time was not an issue, nor was how hard this group played every single game. "Though they suffered more losses than wins this group knows the meaning of hardwork, sportsmanship and getting down to business, " says Coach Simmons. With the leadership of just 1 eighth grader on the team, Julia Sturgeon, this group had their work cut out for them. Their never quit attitude helped them improve each and every game.

What is left to be said about these Bears? In one year they were named State Champions, Sarah Baker was named Miss Basketball for the second consecutive season, and there own Coach Schwartz earned the title of Coach of the Year. We also cannot forget all of the regional and state level MVP awards allotted throghout the season. With the two seniors going to play on the collegiate level, this team was destined for glory. Whitney Downs will wear down the three-point arch at Princeton, and Sarah Baker will drive the lane at Furman.

Showcasing several starting juniors including Taylor Parrish, Ellen Regan, Julie French, and Krissy Binkley, they will likely be vying for the state title again next year.

With the Pep Club decked out in green and white, the State Championship game at Lipscomb's Allen Arena was pulsing with support and spirit. With HH beating BA at BA then BA rallying to beat HH at home later in the season, the state championship game could not have been more heated. Both teams were out for blood leaving every ounce of their strength on the court, but our girls wanted it more! Spirit, skill, and pure stamina got these girls the gold cup they had been dreaming about all season. From start to finish the Bears defined themselves as true Champions!

Whitney Downs does a pump-fake before driving to the basket.
Taylor Parrish, a post, typically calls the blocks under the basket her home, but when time calls for a jump shot she knows how to take it.
Younger team members watch in awe as their teammates play with finesse and perserverance.
Sarah Baker won't let anything bring her down especially the defensive moves of number 12.

The happy team has happy feet and does a happy dance. What a happy little family.

While upper school cheerleading has dwindled away, the Middle School Cheerleading squad is stronger than ever. These girls work countless hours on their cheers, dance moves and stunts. They cheer for their basketball playing classmates, and really show their school spirit. Though they don't have an upper school squad to look up to, many aspire to be MBA cheerleaders once they become sophomores.

Year two set a high precedent for all future bearacudettes to follow. With the new rule stating that 8th graders can no longer participate an the highschool swimming level, the middle school team was stacked even stronger and faster for the '04-'05 season. Being a new team did not stop them from having an outstanding season or travelling to an out of town meet. These girls are able to dream big. Not only are they on the brink of being a part of the 5-years running undefeated highschool team, but they are coached by the coach of the year, Polly Linden.

Swimming their way to 5 straight STATE Championships!

"What an outstanding year it turned out to be for the swim team!" as stated by junior member Allie Phipps. Undefeated for the second year in a row, the team fought to be champs yet again. Through rigorous training and excellent coaching by Polly Linden and Marcy Summers, the Bearacudas blew their competition literally out of the water. The region championship appeared to be an easy victory for the group, but they knew that state would be a challenge. With the strength of the swimmers and the spirit of the fans, the Bearacudas went into the state meet with optimism. After the first day, however, it looked as though Baylor might be catching up. Pulling together all they had, they went out the second day with a bang. The senior members helped lead the Bearacudas to another state victory...the fifth state win to be exact. The only question is...will next year be the sixth?

Little Lax

Middle School Lacrosse finished their season undefeated, which is quite amazing considering it was only their second year as a formal team. Though their competition was more difficult, the team stayed strong till the end. Harding, Ensworth, and Woodland were a few of the teams who the honeybears faced and beat. Coaches Lynn Proctor and Liz Exline did an awesome job at keeping the girls' stick skills ahead of other schools throughout the whole season. Having night practices proved their dedication to the team and the sport. Their last game of the season was a battle against Harding, but after coming back from being down by 5, the honeybears held out strong and tied the Generals.

Reigning as state champions throughout the entire season gave the lacrosse team both pressure and pride. The intimidation factor was a plus, however their opponent's drive to beat them was magnified this season. Seven seniors lead the team, but the roster was stacked with skill, seniors and freshmen alike. Coaches Lolly Brown and Legare Vest knew the competition would be more intense this season, but nobody expectedRavenwood to be quite so fine tuned. Ravenwood proved to be the Honeybear's only regular season regional loss. After elevating their game over a long weekend in Chattanooga and Atlanta playing GPS, Woodward, and Westminster, the bears returned with vengence. The team finally clicked and team bonding was taken to new heights at senior workout day. Team dancing and ice cream pie eating were among the drills. When tournament play came around, the bears were truly prepared. After receiving a bye from regional competition, they defeated Hutchison in quarter-finals to play Ravenwood in finals. Being the underdogs made the victory all the more sweet. In an intense battle, the bears won 8 to 5!

With the season starting in mid-Februrary, cold weather, and an above average amount of rain, this youngest group of "swingers" held tough and dominated the league. With just one divisional loss and entering the tournament as the number 1 seed, a championship was well within reach. So much so, that after the opening rounds of tournament play, the girls had already totaled enough team points to win the champhionship without even having to play on the final day.

Mrs. Stephanie Romary, formerly Coach Schlanger, and Miss Patty, who celebrates her 90th birthday this year, led this group to another school championship.

Varsity Tennis

The Honeybears Varsity Tennis Team had an outstanding year. Senior-heavy (8 of its 13 members were seniors) but bolstered by returning starter Margaret Tipton and given a huge lift from Texas-native transfer Lauren Caire (who took over the #1 singles position) the Honeybears finished with a 10-4 record and won the region, their only losses coming against non-regional opponents. The team went on to win its sectional match against Hutchison School, qualifying for the year-end team state tournament, along with three other teams across the state. There were some tremendous individual performances worth mentioning. Number one doubles team Sarah Baker and Edie McDonald won the region and finished second at state. The dynamic duo also placed second in their singles matches at the Patty Chadwell Invitational Tournament. Number three doubles team Liz Anderson and Abby Rudd placed third in the region. And finally, Lauren Caire capped off a terrific season of singles placing third in the region.

Hot Mikado!

What do you get when you combine Japanese culture with American swing music? Why, David Bell's musical Hot Mikado, of course! This year, the Harpeth Hall Playmakers and the MBA Players put together another outstanding performance with a cast and crew of over 60 HH and MBA students. The musical was performed in front of five sold-out audiences in MBA's Paschall Theater from September 9-12. The show was filled with elaborate costumes, a decorative set, fabulous singing, and lively dancing. The musical tells the somewhat comical tale of Nanki-Poo (**Maclean Grindell**), the son of the great Mikado (**Pete Long-Innes**), and his desire to marry Yum-Yum (**Lizzie Napier**), despite being forced into marriage with the flamboyent but desperate Katisha (**Helen Rankin**). Many comical events ensue as Nanki Poo works to deceive his father to be with his beloved. Everyone in the cast and crew worked very hard for six weeks prior to the show learning their lines, rehearsing scenes, building the set, and essentially making the performance a huge success!

These three little maids from school, **Lizzie Napier**, **Kelly Diehl**, and **Claire Berry** wow the crowd.

Students were greeted with this poster when they returned to school in the fall.

Helen Rankin scowls at the great Mikado before breaking out into song and dance.

FIDDLER ON THE ROOF JR.

The Middle School seventh and eighth graders put on an extravagant show of their rendition of Fiddler on the Roof, Jr. Students, accompanied by eighth grader, Don Orr from MBA, worked day after day in order for the show to be a success. They told the tale of a family in Anatevka, a small village in Russia in 1905, on the eve of the Russian Revolutionary period. It is a story about a father, Tevye, who along with his wife, Golde, struggles to marry off his five daughters, Tzeitel, Hodel, Chava, Shprintze, and Beilke successfully. During a time of conflict in their country, as long as within their own family, this story teaches the importance of love, happiness, and family.

Jasmine Miller (left) reminisces about her cast was a lot smaller this year, but that was good. We all got really close and we talk to each other all the time. The whole play experience was great!"

Sabin Nettles (right), also known as "the Fiddler" reflects on what it was like to have a play named after you: "The play was soooo much fun. Everyone worked sooo hard and came together in such a short amount of time. We all enjoyed the late nights rehearsing, and we are so gloas the play was a success."

HEDDA GABLER

On October 28th-30th, The Harpeth Hall Playmakers and the MBA Players put on Hedda Gabler, a deep psychological drama. The show, written by Henrik Ibsen was directed by our own **Janette Fox Klocko**. With only seven cast members and a small backstage crew, the modern play was brought to life. The play was based around Hedda Gabler (**Mary Susan Sinclair**) and her husband George Tesman (**Chase Altenburn**). From the start, the Tesman's life was turned upside down. In the beginning, George's Aunt Julia (**Whitney Edwards**), a woman Hedda greatly dislikes and her friend Berte (**Liza Darwin**) were introduced. Eilert Lovborg (**Jon Waldo**), a man George disliked, was introduced as well as the woman he is deeply in love with, Mrs. Elvsted (**Annie Mulgrew**). He finds out from Judge Brack (**Davis Martin**) that the two are in competition for the same job at the university. After a party one night, George discovered Eilert's manuscript and shows it to Hedda, who secretly burns it. Eilert was so devastated that he committed suicide. Hedda in the end meets the same unfortunate death. This play productively portrayed the frustrations and hardships Hedda endured throughout her life. It was a great success put forth by the entire cast and crew.

Gwen Cavendish, played by **Whitney Edwards**, gets some reading done for English homework while on stage. Way to kill two birds with one stone, Whitney!

This spring, the Playmakers presented "The Royal Family" a dramatic comedy about an exxentric acting family in the 1920s. The stage setting is the apartment of the Cavendish family in the East Fifties of New York. The plot is centered around three generations of women: Fanny Cavendish, played by **Mary Susan Sinclair**, her daughter, Julie Cavendish, played by **Lizzie Napier**, and Julie's daughter, Gwen Cavendish, played by **Whitney Edwards**. Playmakers from Harpeth Hall and Montgomery Bell Academy did an excellent job presenting this three-act, two hour drama that left the audience laughing and thoroughly entertained.

Art Show

Art I, Art II, Art III, Photo I, Alternative Processing, Senior Portfolio

The art show is comprised of works from Art I, Art II, and Art III, as well as Photo I, Alternative Processing, and AP Photo. The Art I's had a really good time producing gorgeous and amusing "Hybrid pottery" this semester. They were based on the body/head forms of two animals coming together as one functional pot. They also worked on the challenge of acrylic painting on canvas, but overcame this challenge. Art II. worked on a long series of studies of two-three dimensional human figure forms using charcoal, watercolor, wire, and finally clay. Lots of amazing works have developed out of this series. Art III spent the beginning of the year using charcoal to draw classical sculptures, creating a work through inspiration of an everyday object, and wrapped up the semester by conquering the challenge of etchings. The second semester was dedicated to oil. Artists painted their first oil piece and went on to experiment with this medium in other works as well. Students in Photo I experimented with their cameras and developing their photos. Students in alternative processing learn how to develop their pictures in different ways. Students in Senior Portfolio had a chance to explore different topics of their own interests. Each student completed a documentary, a specific theme, a special process, such as hand coloring or Polaroid transfer, and a choice topic of their own. Every art student has been working hard, and this was evident at the show!

AP Art Show

The AP Art Studio class is far more than just a class. Rather, it is a family. Seniors, **Annsley Miller, Claire Berry, Kathleen Goetz, Ellen Davis, Tricia Ritter, Ellen Wheeler, Kelly Diehl, Mary Ross Bryant, and Tori Patterson** spend each day creating art together. Led by none other than the wonderful **Rosie Paschall**, the girls spent the beginning of the year experimenting with different mediums for their portfolios. The second semester was devoted to development of concentrations. The concentrations consisted of a focus on the history of the High Museum, apocalyptic quotes from the Bible, Mother Nature, family, hope, summer relaxation, the form of the human body, music, and reflections. The AP art experience was enhanced by countless hot chocolate packets, many a birthday cake, silly as well as deep conversations, and of course, "pressies". What epitomizes AP Art the most? Rosie's laugh. It is certain that each AP Art girl will look back on her art days and smile.

Winter Concert

The Halls are Alive with the Sound of Music

In November, the Nashville Symphony, MBA, St. Mary's, and Harpeth Hall combined to produce a Winter Concert. Performances by the orchestra as well as the chorus caused quite a buzz around campus. Not only was this concert scheduled for one of the busiest times of the year, but the students also performed in a Sundae Soiree as well as several consecutive assemblies. Everyone worked extremly hard so the concert could run smoothly and sound beautiful. What a success!

Fall Dance Concert

The Harpeth Hall Dance Company, the only group in the school that consists of fifth through twelth grade girls, put on an excellent tribute to music from popular films in their November production "HOORAY for HOLLYWOOD". The music came from movies including *Schindler's List*, *The Princess Diaries*, *The Little Mermaid*, *The Pink Panther*, *Finding Nemo*, *Goldfinger*, *Amelie*, *Shrek*, and *Catch Me If You Can*. The concert culminated with an energetic finale taken from *Saturday Night Fever*. Led by seniors **Mary Cooper Cummings**, **Kelly Diehl**, **Cameron Sweeting**, and **Betsy West** and under the direction of **Mrs. Stephanie Hamilton**, the girls worked many long, tiring hours to put this concert together. The concert was a great success with a large crowd attending each of the four performances. The dancers then were able to enjoy a short break from dancing before starting on their Spring production.

Spring Dance Concert

The Spring Dance Concert was lead this year by four fantastic seniors: Kelly Diehl, Mary Cooper Cummings, Cameron Sweeting and Helen Rankin. Under their leadership, they helped lead the Upper and Middle School dance groups through a successful concert with the theme of "Grammy Award Winning Songs". The girls worked extremely hard this year perfecting their dances and it really showed off for their opening performance. Some of the music picked out by the Dance Department were *Purple Rain, Colors of the Wind, That's Right, You're Not from Texas, Don't Worry Be Happy, Why Walk When You Can Fly and Shining Star*. Due to all of their hard work, the girls put on one of the most successful shows in dance history.

Marie McCord tapped her way to the song of *Hoedown*.

"The distance is nothing; it's only the first step that is difficult..."

Aim for success, not perfection. Never give up your right to be wrong, because then you will lose the ability to learn new things and move forward with your life. Always remember, happiness is a way of travel, not destination!

Bryana Jessica Franks

We cannot buy you a set of morals;
We cannot build you a sense of responsibility;
We cannot give you concern and compassion;
We cannot make yours a compelling, faithful, loyal spirit,
We cannot give you the ability to love.
These things we cannot give you, they are already yours.
As you accept your diploma, with relationships forever changed, you step into new relationships.
You have earned your freedom. You have proved yourself trustworthy, dependable, and mature enough to try your wings.
We will love you forever,

Weather you are fulfilling an undying dream, or trying to create some curb appeal for a quick sale, our design staff can help.

The creation and practical development of a design for the landscape is a highly individual process. It not only encompasses the tastes and desires of the owner, but is also subject to the nature of the soils, exposures, spaces, and other elements of the garden site. No two are alike, nor should they be. We would like to offer our services assisting you in visualizing your landscape, and helping you realize it. This may be as simple and minimal as reviewing your garden as it is, learning what you like and dislike about it, and helping you evolve a more satisfying design. Or it may extend to a complete project beginning with a bare lot. Regardless of whether you love getting your hands dirty, or prefer leaving that task to a landscape contractor, we can help.

Benefits of good landscape design:

- Decreases landscape maintenance.
- Increases property value by 6-12%.
- Enhances outdoor enjoyment.
- Reclaims unusable land.
- Blocks undesirable lines of sight.

Contact Jim Johnson Landscaping for all of your landscaping needs. We specialize in the following:

Landscape Design / Build **Irrigation** **Landscape Lighting**

Stone Walls and Patios **Retaining Walls** **Ponds**
